## NOTICE

SUMMIT Microelectronics, Inc. reserves the right to make changes to the products contained in any publication in order to improve design, performance or reliability. SUMMIT Microelectronics, Inc. assumes no responsibility for the use of any circuits described in any document, conveys no license under any patent or other right, and makes no representation that the circuits are free of patent infringement. Charts and schedules contained in any document reflect representative operating parameters, and may vary depending upon a user's specific application. While the information in any publication has been carefully checked, SUMMIT Microelectronics, Inc. shall not be liable for any damages arising as a result of any error or omission.

SUMMIT Microelectronics, Inc. does not recommend the use of any of its products in life support or aviation applications where the failure or malfunction of the product can reasonably be expected to cause any failure of either system or to significantly affect their safety or effectiveness. Products are not authorized for use in such applications unless SUMMIT Microelectronics, Inc. receives written assurances, to its satisfaction, that: (a) the risk of injury or damage has been minimized; (b) the user assumes all such risks; and (c) potential liability of SUMMIT Microelectronics, Inc. is adequately protected under the circumstances.

Supersedes all previous versions of this document.
